PRAYER OF BLESSING THE REVEREND DR. CHARLES FORSYTH
First United Church

A PRAYER OF DEDICATION:

- Minister:** We come to you, Lord God, to acknowledge our dependence and to ask for your help.
- RESPONSE:** OUR FATHER IN HEAVEN . . .
- Minister:** Through our respect for your creation, through our stewardship of the good earth;
- RESPONSE:** HALLOWED BY YOUR NAME . . .
- Minister:** As we come to revere life rather than ravage it; as we prefer reticence to exploitation;
- RESPONSE:** YOUR KINGDOM COMES . . .
- Minister:** As we do justice in the world and **with** the world, seeking to be merciful with nature, rather than dominating;
- RESPONSE:** YOUR WILL IS DONE ON EARTH, AS IT IS IN HEAVEN.
- Minister:** As trustees of life's varied graces;
- RESPONSE:** GIVE US THIS DAY OUR DAILY BREAD . . .
- Minister:** Because we have been wanton and prodigal in your world;
- RESPONSE:** FORGIVE US OUR TRESPASSES . . .
- Minister:** By our works of restoration, through every act by which we care for the world and care for each other;
- RESPONSE:** WE FORGIVE THOSE WHO HAVE TRESPASSED AGAINST US.
- Minister:** Through the stimulus of conscience; by every issue that forces us to be responsible;
- RESPONSE:** LEAD US NOT INTO TEMPTATION, BUT DELIVER US FROM EVIL . . .
- Minister:** Beyond our partial programs, policies and projects, help us see, and be corrected by your fuller ways;
- RESPONSE:** FOR YOURS IS THE KINGDOM, THE POWER AND THE GLORY FOR EVER.
AMEN

CLOSING REMARKS COUNCILLOR REGINALD WHEELER

In September, 1976, after many years of study and faced with an urgent and growing waste disposal problem, the Region of Hamilton-Wentworth called for Tenders from private industry for the design and supply of a complete waste management program. This Program includes the operation of the existing Municipal Incinerator.

In February, 1978, the Region of Hamilton-Wentworth and Tricil Limited entered into a ten-year Full Service Contract. The value of the Contract is approximately \$60 million during the ten-year period.

As Waste Management Contractor for the Region, Tricil is responsible for the design, construction and operation of a complete Waste Management Program. It focuses on four services:

- The modification and operation of the existing Municipal Incinerator (S.W.A.R.U.);
- The design, construction and operation of three waste transfer stations;
- The design and operation of a bulk transportation system; and,
- The operation of a single large landfill site to service the whole Region.

The new Waste Management System is one of the most advanced in North America. It employs the most modern technology in incineration, waste transfer and landfill, while being easily adaptable for further resource recovery operations in the future.

The Full Service Contract permits the use of private sector expertise, while allowing control of the System to remain firmly with the Region.

The Region's Consulting Engineers for the project are Proctor and Redfern Ltd., Hamilton.
